Acrylic fiber lacks the breathability and comfort when wet that wool offers. It also does not form to your body over time, which wool does beautifully.

Things I wish I knew when I started

KNITTING

I learned to knit from one of my friends moms on a camping trip. I was 6 and there were a great many things I didn't know. There are a few big ones.

Socks may seem intimidating but it's actually not that hard, especially when you knit them toe-up with a short row heel. And you can knit them two at a time for identical socks with way less measuring.

If a situation or relationship is harming you, you can just leave now often than you might think. And it can be hard but it is worth doing! Don't keep hurting yourself trying to conform.

④

Knitting simple, useful things is super satisfying.
